*The Partridge Chantecler eggs we select for shipping are 1 3/4 to 2 1/4 oz and we aim for an average of 24 oz per dozen. Only eggs of good shape and shell quality are shipped - all eggs are candled before being packaged and we make every attempt to make sure the eggs are less than 4 days old when shipped. We offer no guarantee on hatching eggs but do include extra eggs with each order. We have reports of good fertility and hatchability in the eggs we have shipped (plus our on farm records), but many things can happen when eggs are shipped that may damage them and variables in incubation that may occur that may lead to a less than ideal hatch. Old Time poultry have been selectively bred for breed characteristics and breed standard for many generations but unwanted or undesirable characteristics may show up. We still have a lot of work to do! We ship to the US only (with the exception of Hawaii). All eggs are shipped by USPS Priority Mail. We reserve the right to refuse any order for any reason.*
